Weekly Activities Update

Week 15

June 9 - 13, 2024

2023 - 2024 Semester 2

Sharing weekly highlights, operations, and accomplishment of the department

Occupational Health and Safety Inspection

Civil Inspection

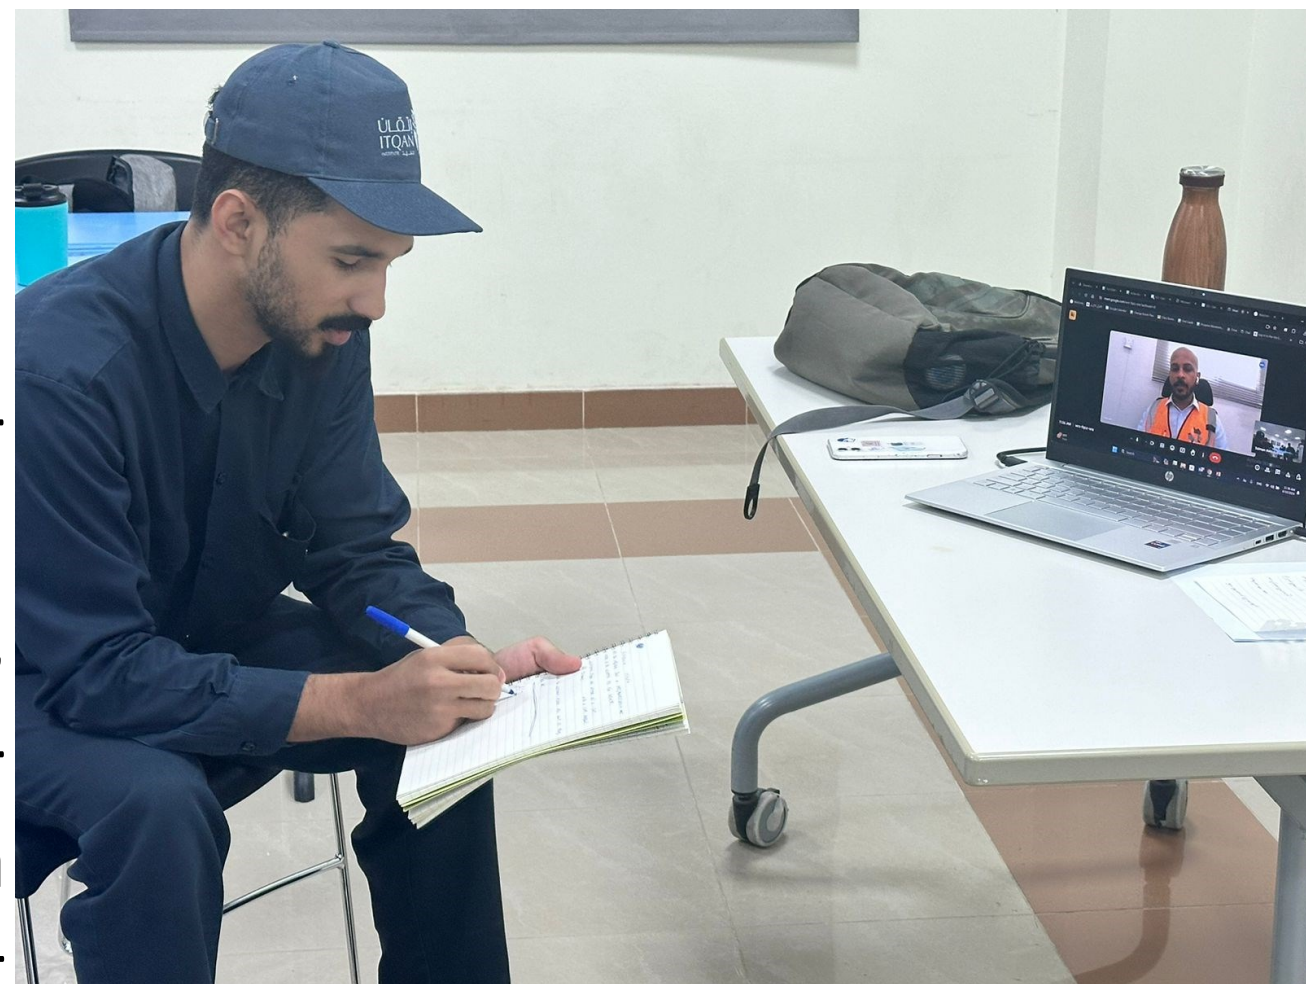

Electrical Inspection

Welding Inspection

Alumni Event

Alumni Online Discussion June 10, 2024

The recent "Online Discussion Live from NEOM," organized by Salman AlAbdulhadi, featured Hassan Al Ali, a 2019 Itqan graduate and Mechanical Inspector. The event aimed to reconnect alumni, address post-graduation challenges, and showcase NEOM's innovations. It provided guidance on site inspection management, promoted lifelong learning, and positioned NEOM as a hub for career growth, leaving participants inspired and informed.

Trainee's Activities

D2 Projects Preparations

Ahead of the 6th ITQAN Inspection Fair, the diploma 2 inspection trainees worked diligently to polish their projects. Through teamwork, they fine-tuned presentations and perfected details, aiming to highlight their expertise in inspection methodologies. With dedication and a shared pursuit of excellence, they looked forward to impressing both peers and mentors alike.

D2 Mock Exams

Diploma 2 students are taking mock exams seriously, gearing up for their final knowledge CBT exams with focused preparation.

Practical Tasks

Trainees Under Melvin Manlincon's guidance, they conducted inspections of grounding test pits to ensure electrical safety and compliance. With Ehsaan Bagherian, they mastered the MT dry powder method for detecting flaws in metals. Under Ahmed Al Haddad learned to maintain precise measurements and alignment in structures through dimensional controls.

Extracurricular Activity

June 10, 2024 D building auditorium

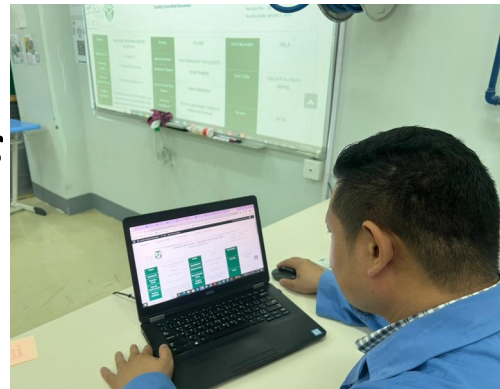

The "New Trends in Industrial Non-Destructive Testing" event updated NDT trainees on the latest advancements, emphasizing safety, quality, and practical applications. Through interactive sessions, they learned about emerging technologies, defect detection methods, and regulatory updates, fostering ongoing professional growth.

Teacher's Activities

Internal Verifications

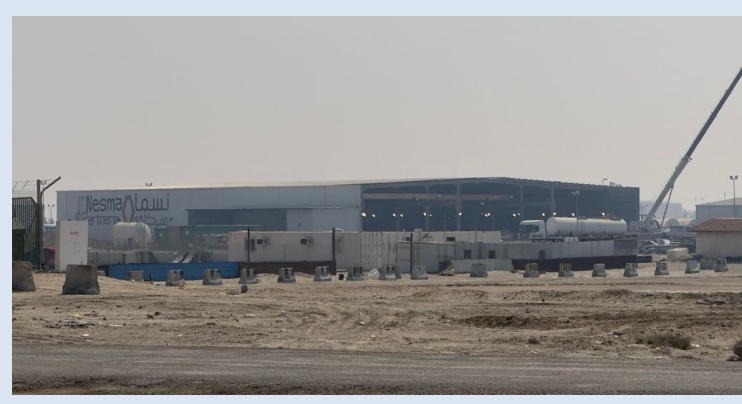

The teachers completed the Internal Verification (IV) process for the first part of semester 2 assessments as part of the quality assurance procedure. They meticulously reviewed and cross-checked the grading to ensure consistency and accuracy, identifying and rectifying discrepancies. Their efforts upheld high academic standards and reinforced the institution's commitment to fair and transparent evaluations.

Industry Engagements

NESMA and Partners Collaboration

We had a successful meeting with Ali Abdelfattah Abdelkha Ali, Project Manager - Industrial at NESMA and Partners, arranged by Mustafa Abu Hussain. We secured an agreement for our inspection trainees to visit NESMA's Juaymah workshops after Eid, providing them with valuable hands-on experience.

Imerys Bahrain Visit after Eid

A successful collaboration with Imerys, Bahrain, facilitated by Salman AlAbdulhadi. This partnership enabled our inspection trainees to visit Imerys' workshops after the Eid holidays, marking their first industry visit outside KSA. This experience will significantly enhanced their practical knowledge and skills.
